School Consolidated Budget (Operating Budget)

General Information

The Consolidated Budget is the portion of the General Fund (Fund 101) that supports non-FTE school operational resources including, but not limited to:

- Supplies
- Extended Responsibility
- Leased Copiers
- Limited-Term personnel
- Postage for mailings
- Substitutes not covered by the District

School Consolidated Budgets consist of a per-building base plus an additional per-student amount based on ADM (Average Daily Membership). Preliminary allocations are loaded in the PeopleSoft financial system on July 1st. Adjustments to individual budgets may be made in the fall, once final enrollment and staffing is finalized. For tracking purposes, please remember that the "bottom line" is always the key to determining your balance. Please contact your Analyst with questions.
