Kevin Spellman: Inquiry about the baseline schedule.

Scott Perala: This will be ready soon. We have had other priorities to work out before this could be finalized.

Willy Paul: Inquiry about any issues with the permitting and public right of way.

Dan Jung: Timelines for public works permits are very long, but the Grant team has been able to manage this. No issues to date.

Kevin Spellman: Inquiry about the cost audits.

Dan Jung:

Dan Jung: We're aiming to take the Master Plan to the BOE sometime in February. The initial budget for Madison just recently came in and is significantly over budget. The team needs to align the Master Plan and budget before we can recommend an approval to the BOE. Budget review efforts are underway.
